Peggy Wood says—**Ovaltine** is ideal for
soothing the nerves

"AFTER a long and tiring day at the theatre," writes Peggy Wood, "'Ovaltine' is ideal for soothing one's nerves and ensuring long, peaceful rest. Nothing can compare with 'Ovaltine' for restoring and keeping the nerves in a well-balanced condition."

Wide experience has proved that delicious 'Ovaltine' is unrivalled as a health-giving tonic food beverage.

'Ovaltine' builds up body, brain and nerves to their highest efficiency. A cupful at bedtime will ensure deep, refreshing, energy-restoring sleep.

Sold in tins at 1/1, 1/10 and 3/3.

TO-NIGHT'S SHOW !

Programme

- (1) A. E. NICKOLDS with his Zither-Banjo,
Plus HILDA BERTRAM at the Grand Pia-no ;
- (2) Comedy-cameos in W.T.E's ?
That's something new—but it's sure you to please,
For ALAN STRAY is the artist who intrigues.
With extracts from works that everyone reads !
- (3) And now we come to the man whose name,
Is familiar to all, whether rich, poor or lame ;
Cliff MARTELL in a riot of fun,
Is even better than—know this one ?
The stuff that bears the right same name—
It's sold in a bottle, but it's not too "tame" !
- (4) Then sings a boy artist—pretty and fair,
Who's been featured in big Star Shows "on the air" ;
To-night he will give us two short songs,
That's DONALD CASHMORE—just in his "longs" !
- (5) Back comes NICKOLDS—still plucking away,
- (6) To be followed by Alan—that fellow STRAY ;
- (7) We'll finish with CLIFF, which means dozens of laughs,
Till it's time to go back to our nightly "barfs" !

NIGHT WORKERS!

Night Strain lowers
resistance to colds
and infection.

Maintain strength by taking
milk with

VITA SUGAR

Are you feeling the strain of long, unusual hours and the upsetting of established routine? Then this is Nature's warning that your resistance to infection has been lowered. You must act at once! Try drinking milk with VITA SUGAR (a preparation of Powdered glucose) added, and you will find it has a remarkable sedative, soothing effect. Milk taken this way will not curdle internally so that the most sensitive stomach can accept it. VITA SUGAR makes a milk diet SAFE! VITA SUGAR enables you to carry milk to your work in a thermos flask without fear of curdling.

Obtainable from Chemists and Stores.
2/6 per Tin (for 32 pints of milk)
4/- per Tin (for 64 pints of milk)

10.15 P.M. SHOW! December 17th, 1938.

Programme

Tudor Davies
TUDOR DAVIES is the greatest of tenors,
That in Britain we have to-day;
He's famed for his opera work, lyric and "air" work,
And also his "pop" work, so lay—
Back and listen to him with the greatest of ease,
For his ballads are sure you to please!

JOHN WILLIE (Our Willie) you'll willingly wish,
To hear him off for his act is just "swish";
It's unique, it's "sehr" funny, so try and beat—
Your neighbour in laughing, but please keep your seats—

For our two lady artists will also be fine,
And they play those things which you like every time;
Piano-accordion and jolly Banjo—that's STELLA and MORELLA,
Long live England—FOR EVER!
