THE WOKING BOOK

FIRST EDITION 1972-73

The Reference Information Guide to the Commercial,
Business and Community Activities of the District

This new edition of the WOKING BOOK is presented in the interest of creating a greater awareness of the resources of the community and to provide a fully responsible reference guide for the newcomer, the established resident and the businessman. It is the business and commercial partner of the older style of Town Guide and it is published every two years.

Regency Town Books are compiled to fill the very real need for guides that provide information in considerable depth on the commercial resources and community activities of the area. A classified business directory is an essential feature of each edition.

The impending changes in Local Government will affect the information to be provided for the help of townspeople on the services and the addresses to which enquiries should be made. The full pattern of Town, County and Government Services will be given in the next edition.

The WOKING BOOK is distributed free on publication before being placed on sale locally and nationally to provide an effective guide to local supplies and services in the interest of promoting local trade within the community.

Sat. 09.30-17.00.

5

MAINTAINED SCHOOLS

Urban District of Woking:

The Surrey County Council, as Local Education Authority, have recently
decided to introduce by stages a three-tier structure of First, Middle and
Secondary Schools on the lines of the Plowden Report with transfer to
secondary education at 12 years (in a few cases 13 years) of age. The County
Council have also decided to proceed, where circumstances permit, with the
introduction of a comprehensive system of secondary education.

Schools marked * are due to be re-organized First and Middle Schools
as indicated, with effect from September, 1973. In conjunction with this
scheme a new First and Middle School is planned to be opened in existing
premises in Kingfield Road.

It is proposed, subject to the approval of the Secretary of State for
Education and Science, to re-organise the remaining Primary School in 1975.

Details of the arrangements for ending selection for secondary education
in the area can be obtained from the Chief Education Officer, County Hall,
Kingston-upon-Thames.

HUNDREDS OF ELDERLY PEOPLE - - -

From all parts of the country — lonely, poor, many living in distressing circumstances — are waiting and hoping that we can accommodate them soon, in their own self-contained flats.

Time for them is fast running out!

We have the skill, experience and desire to provide more self-contained flats, where the elderly can live in bright, comfortable homes of their own, in an atmosphere of independence and security . . .

WE NEED YOUR HELP

Only the unceasing flow of legacies, gifts and covenants will enable us to provide this urgently needed housing.

PLEASE REMEMBER US AND THE ELDERLY IN YOUR WILL

The Secretary,

HIGHFIELD NURSERY SCHOOL**OLD WOKING ROAD — PYRFORD**

2½—8 years

The Nursery School system is essentially informal as compared with ordinary kindergarten—as its specific aim is to develop the child in every way, emotionally, intellectually and physically and not solely academically. By giving the pupil's imagination and inventiveness every chance to develop, it is found that the aptitude for lessons is greatly increased, also the ability to sustain applied concentration without effort.

The method consists of a complete course of 4½ - 5 years and the educational standard required by all good preparatory schools is attained by the time the pupils are 8 years old.

FULLY RECOGNISED AS EFFICIENT BY
THE DEPARTMENT OF EDUCATION AND SCIENCE**HEADMISTRESS, MISS S. MACNAMARA**

Member of the Association of Headmistresses of Preparatory Schools

A GENEROUS curriculum is covered and a thorough grounding in all the usual school subjects is provided. Children are prepared for Common Entrance and Scholarship examinations to public schools by a qualified and experienced staff—the record of successes is impressive.

The aims of the school are to provide children with solid foundations for a liberal education to enable them to distinguish between right and wrong according to Christian standards; to stimulate and develop creative mental and physical powers. To make a positive contribution towards something greater than themselves. To encourage thoughtfulness for others and good manners, and to keep alive the enjoyment of learning.

Careful attention is paid to practical occupations and to appreciation of the Arts which include Dalcroze Eurythmics and Cecchetti ballet.

Games: Tennis, Netball, Rounders and other team games.

THORNTONS
the key to all property problems

A surprising number of people think of us solely as Estate Agents.
Whilst it is true that we are skilled in the valuation, survey, sale and purchase of all types of houses, we are increasingly active in many other fields. Our expertise and experience enable us to advise on a wide variety of offices, shops, factories and premises with which we are concerned.
We offer a comprehensive service.

In the development and re-development of properties we are there at the beginning, advising on the economic feasibility of projects - both residential and commercial. So, if you're a Hotel, Office, shop, retail, Residential, if it's a property - THORNTONS have the key. Whenever and wherever.
