## Our plasters don't come unstuck—your corns do

Corn plasters that come off or curl up are a menace. We've made Pedosan a special shape to hold firm, keeping Pedosan's strong medication close to the corn all the time. No wonder corns go fast. You can deal with at least two corns for 37½p. So insist on Pedosan now!

### THE LEAGUE OF FRIENDS OF THE ROWLEY BRISTOW HOSPITAL

The League of Friends was started in 1960. Its objects are to aid the Hospital by means of voluntary service and the provision of amenities for patients and staff which cannot be provided through the Health Service; also special personal aid to patients through the Medical Social Worker (Almoner).

During the past eleven years over £7,500 has been spent on such amenities. Our funds come through subscriptions from members; the profits of our voluntary services at the Hospital such as Out-patients' Canteen, Trolley Shop for patients and teas for visitors; special donations; and at least one big event per year, such as a Jumble Sale or Fete.

New subscribing members would be most welcome. The minimum subscription is 15p per year. Full details gladly supplied by the Honorary Secretary—

### CHAIRMAN'S MESSAGE

Welcome to the 1971 Pyrford and Wisley Flower Show and Fete — this is your Show and its success depends upon your support!!

My committee, ably assisted by our new members, have again this year applied themselves with their usual vigour and efficiency to building up a programme that we hope will have an interest for all. In making our arrangements we have had to keep a firm hold on the purse strings to combat increasing costs and as a consequence could not always include all we had planned, nevertheless we have, we hope, given a sufficiently new look to the day's events and lay-out of the ground to please newcomers as well as our regular supporters.

We have this year revived the Children's Sports and are sure that this event will give entertainment to both the competitors and their supporters. In addition to the old favourites such as the exhibition tents, tombola, Punch and Judy, etc., we have as the main entertainment the Sioux Indian Dancers, who will provide an authentic dash of the true Wild West to gladden the hearts of every pale face, young and old. You must not omit the Indian Museum Tent in your itinerary, this I am told will contain many pieces of genuine Red Indian handcraft and folklore. Look also for the Royal Horticultural Society's display in the horticultural tent.

#### CHAIRMAN'S MESSAGE (continued from page 9)

We do not ignore comments on the Show that are received from time to time, indeed we are delighted to receive them. As far as circumstances permit we act upon these comments and try to incorporate your suggestions. As I have already said this is your Show and its success depends upon your support. Please give us this support by coming along and enjoying its facilities.

If you wish to do more to help us on the day or before please contact myself or any of the committee members listed in the schedule and we will be pleased to advise you as to how you may best help us.

May I and my committee look forward to seeing you all on SATURDAY, 10th JULY.

### Hints to Exhibitors (Horticultural Section)

#### VEGETABLES, FRUIT AND FLOWERS

(See page 33 regarding Floral Arrangements)

1. Read the Schedule carefully, noting particularly the section in which you intend to compete.
2. Note the number of items to be shown in each class; anything above or below the specified number will mean disqualification.
3. Exhibits will be judged by their qualities and not their size. Uniformity in size is important.
4. All vegetables should be properly prepared and cleaned for exhibition, while roots should be very carefully washed, in no circumstances should oil or any similar substance be used.
5. In all classes where cut material is shown, all stems must reach the water in the Vase or Receptacle. Vases and plates, etc., must be provided by exhibitors.
6. The diameter of a Plant Pot or Pan is the **INSIDE** measurement made as near the top as possible, but without including any part of the **Roll or Rim**.
7. **Beans** should be straight, crisp, long and of even size.
8. **Beet**. Wash with sponge, cut off small roots. Remove leaves, leaving not more than 3 inches of leaf stalks.
9. **Cabbage** should have firm hearts and no grub marks, leave stems on.
10. **Carrots** should be of even size and good colour. Sponge clean and leave 4 inches of foliage.
11. **Turnips**. Trim to 3 inches of leaf stalk (minimum).
12. **Onions**. Autumn sown. Trim off roots (except where otherwise stated).
13. **Potatoes** should be of uniform shape, medium size with shallow eyes and clear skin. Wash only.
14. **Shallots** should be of even size and well ripened. Staged as separate bulbs. NOT as clusters. Twist or tie stalk ends.
15. **Rhubarb**, which has been grown naturally (as distinct from that which has been forced), should have the leaf-blades removed; not more than 3 inches of a blade should be left attached to a stalk.
16. **Fruit**. Be careful in handling. Fruit is enhanced by its "natural bloom". Gooseberries, Raspberries and other soft fruit should be shown on the stalk. Black and Red Currants must be shown in bunches as grown.

### The Royal Horticultural Society's Garden, Wisley

This year the Committee wish to give special acknowledgement to the Director of the Royal Horticultural Society's Garden, Wisley, for his co-operation in arranging the staging of a display at the 1971 Pyrford and Wisley Show.

The Society's Garden was established at Wisley in 1904 and today, with nearly 200 acres under cultivation, Wisley is renowned throughout the world as a wonderful garden and as an important centre of horticultural instruction and practice.

The Garden is worth visiting at any time of the year and certain seasonal features can hardly be surpassed elsewhere in Britain. It was not created merely to be a garden of great beauty but also to be a principal centre of practical horticulture. Above all, Wisley has been conceived as a garden to which Fellows may come to solve their gardening problems, assisted by a competent staff, and to find inspiration in the vast collection of plants and the methods of cultivation.

The Garden is open to the public daily, admission 25p (children 15p), except from 10 a.m. to 2 p.m. on Sundays, which period is reserved solely for Fellows. Any person interested in horticulture is eligible to apply for Fellowship of the Royal Horticultural Society which carries many privileges. Application forms may be obtained at the Garden or from the Secretary, Royal Horticultural Society, Vincent Square, London, S.W.1.

**The Children's Shield**

The Shield is at present held by THE GRANGE COUNTY INFANTS' SCHOOL for their successful project entry "HOMES OF THE WORLD" which was staged in the Children's Tent in 1970. Our thanks are due to the many interested schools and youth groups who have so ably supported us over the years we have been running this worthwhile competition.

The Shield this year will be awarded by the Children's Sub-Committee to the child who in their opinion submits the most outstanding individual entry in the Children's Section. We hope that this will be a way of rewarding really high quality work not covered by the points scheme.
