SIXPENCE

THE LESSON.

"If Musick be the food of Love, play on";
An easy thing for practised hand to do,
Provided that the keys the fingers stray on
Aren't cold enough to chill you through and through.
And yet of course it really doesn't pay
To light a fire for just an hour a day.

But there's a better way that we may use
That quickly warms the chilly room and which,
Unlike a coal fire with its dirt and flues,
Needs but the simple turning of a switch.
You'll find Electric Fires a priceless boon
For quickly heating up the Music Room!

An excellent selection of Electric Fires and other
apparatus is exhibited at our new Showrooms,
Chobham Road.
